Hamas Leader

The Tatars of today

Behave yourself. This is Omar, he is in kindergarten. And he's good, my grandson.
[Now overlooking Nablus] We're on the eastern side of Nablus, the Foqara neighborhood.
At the gates of the city of Nablus, the crusaders were defeated in the battle of Hattin. Also, the Tatar and Mongol were defeated at Ain Jalut, also in the area of Nablus. The Israelis are the crusaders and Tatars of today and will be defeated in Palestine, in God's will. [As he exits] We are in a high mountain area and the poet says: "Who doesn't like climbing mountains, lives forever between holes."
